Digitization of Books

Cover-All Can Help Move Your Knowledge From Books to Bytes.

Many libraries and organizations have never been able to digitize their books because of the high cost and the possibility of having to cut and remove the binding, which will ruin the book forever. These bound books include rare collections, private collections, genealogy collections, R&D scientific lab books, corporate archives and government records.

Cover-All's Digitization of Books service is the perfect alternative for organizations that are looking to digitize books or other bound documents effectively, but without the capital investment and infrastructure required for the current state-of-the-art technology. Our technology will allow for high speed digitization, consistent quality and accuracy of your books.

Our Process is Easy

Send us your bound books and documents. Our highly trained staff of Imaging Technicians will digitize them using our state-of-the-art technology and process. We will provide the digitized images on your media of choice and return the books in their originally supplied condition. It is easy for you, safe for the books and cost effective for your organization. You can utilize our Digitization Services for a fraction of the cost compared to other bound document scanning services available in the market place today. You will also achieve a higher level of quality with gentler handling of your books than you thought possible.

Give us a call to find out how we can help you take advantage of our Digitization of Books services.
